Hi, folks – Update of the language attached. It was almost straightforward, but please see the two places I flagged in paragraph 5. I actually think it makes sense to leave in

Ex. 5 AC/DP

Ex. 5 AC/DP Per our conversation, though, I went ahead and edited them out, I can just reject those changes to retain the language if you all want to.

Let me know what you think, and I can make a clean copy for next week with comments removed (not just marked “resolved”), etc.
